

# All of those memories you have from squash...

Playing as a junior. Competing with your school team. Battling for your college. Finding a club as a young professional. Introducing your child to the game. Watching their face light up at their first recruitment letter.

# Now we're adding a new core squash memory...

In July 2028, squash takes to the Olympic court for the very first time. Broadcast in prime time. The most unique venue at LA28. The largest audience squash has ever had. The grandest stage in all of sports. A new era.

# This is our once-in-a-lifetime opportunity...

To prepare for the moment. To build new courts. To train new coaches. To captivate new fans. To grow our player base like never before. To continue the racquet sport frenzy and excitement.

## That was us.

## That'll be us.

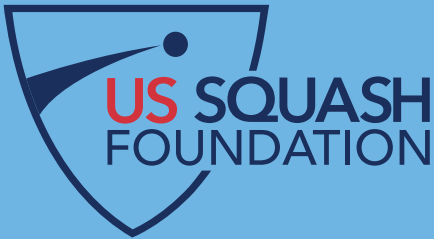

## Why not us?

# Fuel the journey to LA28. Consider making a gift today!
